

SUMMER 2018 PRESCHOOL THEMED CAMPS

This summer beat the heat and have your child burn some energy, while gaining confidence through exploring their inner gymnast. Your preschooler will enjoy a summer gymnastics program under the supervision of trained coaches. These camps are ideal for boys and girls who want to improve, learn new skills, and have a great gymnastics experience.

Each week we focus on a different theme and will have several rotations throughout the morning where campers can participate in different activities, crafts and more. The kids will work on strength, flexibility, hand-eye coordination and balance. They will explore tumbling, as well as jumping on the trampolines, balancing on the beams, swing from the rings and running obstacle courses.
